eLearning for Adobe Campaign v7

Getting Started with Adobe Campaign v7

About our eLearning
Adobe’s eLearning is the perfect complement to instructor-led training, especially when you need flexibility and the convenience of real-time how-to’s. Course content is hosted on your learning management system or accessible directly via your web browser. Customizable targeted modules let the team refresh skills exactly when they need it.

Learn any time, any place, at any pace.

Course Overview
Getting Started with Adobe Campaign is an eLearning course designed to introduce you to Adobe Campaign Classic and get you up and running with this powerful capability within the Adobe Marketing Cloud. This course will cover the fundamentals of designing campaigns, segmenting recipients, planning deliveries, and executing a campaign. You will learn how to build targeting workflows with basic query activities to deliver personalized and relevant content to your customers.

After completing this course, you will be able to:
• Describe Adobe Campaign features
• Navigate through Adobe Campaign client
• Create and manage a list of recipients
• Create a basic email with personalized content
• Create and start a basic query and workflow
• Execute an email campaign
• Execute recurring and retargeting campaigns
• Send a direct mail delivery

Prerequisites
This is an entry-level course and there are no prerequisites. However, it is recommended you have general knowledge about digital marketing.

Your Benefits
• Save time. Easily deploy real-time 24/7 training to your teams across multiple sites.
• Save money. A great solution when travel budgets are tight.
• Stay productive. Quick targeted hits of training mean your team has the right resources at the right time to feel confident in their skills.
Getting Started with Adobe Campaign v7
[3 hour eLearning]
