

Adobe® Creative Suite® 5 Design Premium

21st Century Community Learning Center (21st CCLC) Funding for Adobe Creative Suite 5 Design Premium

The 21st CCLC program is designed to provide services, during non-school hours or periods, to students and their families who are involved in academic and other enrichment programs serving Title I schools. Adobe Creative Suite 5 Design Premium is industry-standard software that teaches design, communication, project management, and graphic and print technology and enhances academic activities in programs during non-school hours.

21st CCLC Requirements	Adobe Creative Suite 5 Design Premium Features
<p>Remedial education activities and academic enrichment programs, including additional assistance that enables students to improve their academic achievement</p>	<p>Do more than play on the computers after school. Enhance teaching and learning with Adobe Creative Suite 5 Design Premium while focusing on academic subjects.</p> <p>Students do a better job of learning academics when technology, integrated into the learning process, helps them express themselves and showcase their knowledge. Adobe Creative Suite 5 Design Premium helps teachers create an active and engaging learning atmosphere that can improve student performance.</p> <p>Integrating multimedia design into classroom projects helps build crucial technology and critical-thinking skills that include information gathering, analysis, and synthesis of information. Students learn to turn this information into a project plan, gain project management skills, and evaluate the results. Adobe Creative Suite 5 Design Premium prepares students for the kinds of communications activities that will enrich their class work across the curriculum.</p> <p>Adobe curriculum—<i>Visual Design: Foundations of Design and Print Production</i>—aligns to the International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS) for Students (2009-11) as well as the new Adobe Certified Associate Visual Communication objectives to prepare students for certification.</p>
<p>Programs that provide after-school activities for Limited English Proficient students, emphasizing language skills and academic achievement</p>	<p>Adobe Creative Suite 5 Design Premium can be integrated easily into your before-school, after-school, and summer-session activities for English Language Learners (ELL) with full versions available in Spanish and a dozen other languages as well as English. ELL students are as drawn to technology as their English-speaking peers.</p> <p>Teaching students Adobe Creative Suite 5 Design Premium skills in their native languages allows them to use these motivating tools in their English-based academic work improving their ability to express their knowledge in reports and presentations.</p>

21st CCLC Requirements	Adobe Creative Suite 5 Design Premium Features
Programs that provide assistance to students who have been truant, suspended, or expelled, allowing the students to improve their academic achievement	<p>Adobe Creative Suite 5 Design Premium is an ideal resource for programs serving students who have been truant, suspended, or expelled. These students are especially hard to engage, but technology has been able to capture their attention. Adobe Creative Suite 5 Design Premium can be integrated into virtually any curriculum. For example, students can use Adobe Creative Suite 5 Design Premium to prepare graphics for reports in social studies, English, or science, adding interest and depth to their reports, which leads to success and improves motivation.</p> <p>Students can become Adobe Certified in their upgraded technical skills, adding to their employability in the technology-based marketplace and making schooling more relevant to their lives.</p>
Helping meet the special education needs of at-risk and high-need students	<p>All students, including at risk and high need, can easily access Adobe Creative Suite 5 Design Premium software. As long as students can use a computer, they will be able to work through the skills at their own pace and to their own potential. There are many types of learning differences. Adobe Creative Suite 5 Design Premium is especially good for students who are more visually oriented and need organizational skills, as do many students who are high risk or high need. Success with graphic design leads to success in other classes and can lead to career interests.</p>

Adobe Creative Suite 5 Design Premium Components

Adobe InDesign® CS5—InDesign CS5 provides productivity and collaboration features such as simplified object editing and selection, integration with Adobe CS Live online services, and the ability to create rich interactive documents that attract and engage readers.

Adobe Photoshop® CS5 Extended—From yearbook and desktop publishing to web design, broadcast video production, and advanced multimedia instruction, Photoshop Extended is highly versatile and prepares students with critical visual and ICT literacy skills for the 21st century workforce.

Adobe Illustrator® CS5—This is an essential design tool for students and educators who need to express ideas visually—in print, on the web, and in any other medium. Illustrator CS5 helps students create powerful, compelling vector graphics for websites, posters, presentations, brochures, school yearbooks, magazines, and much more.

Adobe Flash® Catalyst™ CS5—Adobe Flash Catalyst CS5 software is an approachable new interaction design tool. Transform Adobe Photoshop, Illustrator, and Fireworks® artwork into expressive, fully interactive projects without writing code, and leverage the reach and consistency of the Adobe Flash Platform.

Adobe Flash® Professional CS5—Flash Professional CS5 offers nearly limitless opportunities to student designers who are interested in building careers using interactive design technology. Flash Professional CS5 software is the industry standard for interactive authoring and delivery of immersive experiences that present consistently across personal computers, mobile devices, and screens of virtually any size and resolution.

Adobe Dreamweaver® CS5—Built for designers and developers, Dreamweaver CS5 empowers students and teachers to build standards-based websites with confidence. Design visually or directly in code, develop pages with content management systems, and accurately test browser compatibility thanks to integration with Adobe BrowserLab, a new Adobe CS Live online service.

Adobe Fireworks® CS5—Fireworks CS5 offers the flexibility to edit both vector and bitmap images, a common library of prebuilt assets, and time-saving integration with Adobe Photoshop CS5, Illustrator CS5, Dreamweaver CS5, and Flash Professional CS5 software.

Adobe Acrobat® 9 Pro—Adobe Acrobat software delivers powerful solutions for improving classroom efficiency and enhancing communication throughout your educational community. Easily create and distribute curriculum, media-rich lesson plans, project materials, and homework assignments. Adobe Acrobat simplifies and streamlines administrative processes such as grading, record-keeping, and more.

Adobe Bridge CS5—This is a powerful, easy-to-use media manager for visual students, letting them easily organize, browse, locate, and view creative assets. Bridge provides centralized access to project files and global settings, as well as to XMP metadata tagging and searching capabilities.

Adobe Device Central CS5—Device Central software simplifies the production of innovative and compelling content for mobile phones and consumer electronics devices.

Adobe Version Cue® CS5—Version Cue CS5 allows teachers to centrally manage shared project files, work in parallel with others using an intuitive version control system, track file status with comments, use Adobe Bridge to find files visually, search for XMP metadata, and host Adobe PDF reviews.
