

Adobe® Creative Suite® 5 Master Collection

21st Century Community Learning Center (21st CCLC) Funding for Adobe Creative Suite 5 Master Collection

The 21st CCLC program is designed to provide services, during non-school hours or periods, to students and their families who are involved in academic and other enrichment programs serving Title I schools. Adobe Creative Suite 5 Master Collection is the industry-standard software that teaches design, communication, project management, and graphic and print technology and enhances academic activities in programs during non-school hours.

21st CCLC Requirements	Adobe Creative Suite 5 Master Collection Features
<p>Remedial education activities and academic enrichment programs, including additional assistance that enables students to improve their academic achievement</p>	<p>Do more than play on the computers after school. Enhance teaching and learning with Adobe Creative Suite 5 Master Collection while focusing on academic subjects.</p> <p>Students do a better job of learning academics when technology, integrated into the learning process, helps them express themselves and showcase their knowledge. Adobe Creative Suite 5 Master Collection helps teachers create an active and engaging learning atmosphere that can improve student performance. Integrating multimedia design into classroom projects helps build crucial technology and critical-thinking skills that include information gathering, analysis, synthesis of information into a project plan, project management skills, and evaluation. Adobe Creative Suite 5 Master Collection prepares students with the kind of multimedia skills that will enrich their postsecondary, professional, and personal lives.</p> <p>Adobe Creative Suite 5 Master Collection provides three yearlong, project-based curriculum sets that develop communication and career skills in technology-based design using Adobe tools. These programs develop key digital communication skills in design, project management, print, web, video, photography, and other technology areas. Key skills are developed in a spiral as each project adds more challenging skills onto foundation proficiencies.</p> <p>Adobe Creative Suite 5 Master Collection aligns to the International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS) for Students (2009-11) as well as the new Adobe Certified Associate objectives to prepare students for certification.</p>
<p>Programs that provide after-school activities for Limited English Proficient students, emphasizing language skills and academic achievement</p>	<p>Adobe Creative Suite 5 Master Collection can be integrated easily into your before-school, after-school, and summer-session activities for English Language Learners (ELL) with full versions available in Spanish and a dozen other languages as well as English. ELL students are as drawn to technology as their English-speaking peers. Teaching them Adobe Creative Suite 5 Master Collection skills in their native languages allows them to use these motivating tools in their English-based academic work.</p>

21st CCLC Requirements	Adobe Creative Suite 5 Master Collection Features
Programs that provide assistance to students who have been truant, suspended, or expelled, allowing the students to improve their academic achievement	<p>Adobe Creative Suite 5 Master Collection is an ideal resource for programs serving students who have been truant, suspended, or expelled. These students are especially hard to engage, but technology has been able to capture their attention. Adobe Creative Suite 5 Master Collection can be integrated into virtually any curriculum. For example, students can use Adobe Creative Suite 5 Master Collection skills to prepare charts, graphs, web pages, and video for science or social studies presentations, adding interest and depth to their communication.</p> <p>Students can become Adobe Certified in their upgraded technical skills to add to their employability in the technology-based marketplace and making schooling more relevant to their lives.</p>
Helping meet the special education needs of at-risk and high-need students	All students, including those with disabilities, can easily access Adobe Creative Suite 5 Master Collection software and curriculum. As long as students can use a computer, they will be able to work through the skills at their own pace and to their own potential. There are many types of learning differences. Adobe Creative Suite 5 Master Collection is especially good for students who are more visually oriented and need organizational skills, as do many students with Specific Learning Disabilities. Success with print, web, interactive, and video design leads to success in other classes and can lead to career interests.

Adobe Creative Suite 5 Master Collection Components

Adobe InDesign® CS5—InDesign CS5 provides productivity and collaboration features such as simplified object editing and selection, integration with Adobe CS Live online services, and the ability to create rich interactive documents that attract and engage readers.

Adobe Photoshop® CS5 Extended—From yearbook and desktop publishing to web design, broadcast video production, and advanced multimedia instruction, Photoshop Extended is highly versatile and prepares students with critical visual and ICT literacy skills for the 21st century workforce.

Adobe Illustrator® CS5—This is an essential design tool for students and educators who need to express ideas visually—in print, on the web, and in any other medium. Illustrator CS5 helps students create powerful, compelling vector graphics for websites, posters, presentations, brochures, school yearbooks, magazines, and much more.

Adobe Acrobat® 9 Pro—Adobe Acrobat software delivers powerful solutions for improving classroom efficiency and enhancing communication throughout your educational community. Easily create and distribute curriculum, media-rich lesson plans, project materials, and homework assignments. Adobe Acrobat simplifies and streamlines administrative processes such as grading, record-keeping, and more.

Adobe Flash® Catalyst™ CS5—Using new Adobe Flash Catalyst CS5, students can confidently design interactive content, create functional interfaces, and add video to projects for the Adobe Flash Player runtime without having to learn how to write code.

Adobe Flash® Professional CS5—Flash Professional CS5 offers nearly limitless opportunities to student designers who are interested in building careers using interactive design technology. Flash Professional CS5 software is the industry standard for interactive authoring and delivery of immersive experiences that present consistently across personal computers, mobile devices, and screens of virtually any size and resolution.

Adobe Flash Builder™ 4—Formerly known as Flex® Builder™, Flash Builder 4 software helps students and teachers rapidly develop cross-platform rich Internet applications (RIAs) and content using the open source Flex framework.

Adobe Dreamweaver® CS5—Built for designers and developers, Dreamweaver CS5 empowers students and teachers to build standards-based websites with confidence. Design visually or directly in code, develop pages with content management systems, and accurately test browser compatibility thanks to integration with Adobe BrowserLab, a new Adobe CS Live online service.

Adobe Fireworks® CS5—Fireworks CS5 offers the flexibility to edit both vector and bitmap images, a common library of prebuilt assets, and time-saving integration with Adobe Photoshop CS5, Illustrator CS5, Dreamweaver CS5, and Flash Professional CS5 software.

Adobe Contribute® CS5—With Contribute CS5, faculty, staff, and students can post and publish content to multiple websites or blogs from a single application or publish directly from within Microsoft Office applications.

Adobe After Effects® CS5—This software delivers the speed, precision, and powerful tools students need to produce visually innovative motion graphics and visual effects for film, video, DVD, and the web.

Adobe Premiere® Pro CS5—Powerful real-time video- and audio-editing tools give your students precise control over virtually every aspect of their productions. Adobe Premiere Pro CS5 takes video production to an entirely new level and delivers the tools your students need to prepare presentations with multimedia content.

Adobe Soundbooth® CS5—Take command of your audio in film, video, and Adobe Flash software projects with Soundbooth CS5. Use on-clip controls to make fast edits and intuitive, task-based tools to clean up recordings, polish voice-overs, customize music, modify sound effects, apply high-quality filters, and much more.

Adobe Encore® CS5—This software gives your student videographers, DVD authors, and producers the power to express their creativity with consistent, high-quality results and to output to all recordable DVD formats. With Encore CS5, your students won't have to master the technicalities of authoring professional DVDs, so they'll have more time to express their creative visions.

Adobe OnLocation™ CS5—Part of Adobe Premiere Pro CS5, Adobe OnLocation CS5 gives students and teachers a powerful, direct-to-disk recording, logging, and monitoring solution—and a key player in their complete script-to-screen workflow.
