

# Adobe® Creative Suite® 5 Web Premium

## 21st Century Community Learning Center (21st CCLC) Funding for Adobe Creative Suite 5 Web Premium

The 21st CCLC program is designed to provide services, during non-school hours or periods, to students and their families who are involved in academic and other enrichment programs serving Title I schools. Adobe Creative Suite 5 Web Premium is industry-standard software that teaches web and mobile design and development skills and enhances academic activities in programs during non-school hours.

21st CCLC Requirements	Adobe Creative Suite 5 Web Premium Features
<p>Remedial education activities and academic enrichment programs, including additional assistance that enables students to improve their academic achievement</p>	<p>Do more than play on the computers after school. Enhance teaching and learning with Adobe Creative Suite 5 Web Premium while focusing on academic subjects.</p> <p>Students do a better job of learning academics when technology, integrated into the learning process, helps them express themselves and showcase their knowledge. Adobe Creative Suite 5 Web Premium helps your staff create an active and engaging learning atmosphere that appeals to today's media-savvy students. Integrating website and Internet activities into academic projects helps build crucial technology, creative, and critical-thinking skills that include data gathering and analysis, principles of web design and production, and evaluation, while mastering academic content.</p> <p><i>Digital Design: Foundations of Web Design</i> is a yearlong, project-based curriculum set that develops management and technical skills in web design using Adobe tools. This curriculum, which can be delivered in a structured after-school program, develops the skills to prototype, design, develop, and maintain interactive websites, applications, user interfaces, presentations, mobile device content, and other digital experiences, from prototype to finished product. Each project adds more challenging skills, building both proficiency and self-confidence.</p> <p><i>Digital Design: Foundations of Web Design</i> aligns to the International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS) for Students (2009-11) as well as the new Adobe Certified Associate objectives to prepare students for certification that will enhance their future education and career opportunities.</p>
<p>Programs that provide after-school activities for Limited English Proficient students, emphasizing language skills and academic achievement</p>	<p>Adobe Creative Suite 5 Web Premium design projects can be integrated easily into your before-school, after-school, and summer-session activities for English Language Learners (ELL) with full versions available in Spanish and a dozen other languages as well as English. ELL students are as drawn to technology as their English-speaking peers. Teaching them Adobe Creative Suite 5 Web Premium skills in their native languages allows them to use these motivating tools in their English-based academic work.</p>

21st CCLC Requirements	Adobe Creative Suite 5 Web Premium Features
Programs that provide assistance to students who have been truant, suspended, or expelled, allowing the students to improve their academic achievement	<p>Adobe Creative Suite 5 Web Premium is an ideal resource for programs serving students who have been truant, suspended, or expelled. These students are especially hard to engage, but technology has been able to capture their attention. Adobe Creative Suite 5 Web Premium can be integrated into virtually any curriculum. For example, students can use Adobe Creative Suite 5 Web Premium to prepare web pages or websites in social studies, English, or science, adding interest and depth to their reports, which leads to success and improves motivation.</p> <p>Students can become Adobe Certified in their upgraded technical skills, adding to their employability in the technology-based marketplace and making schooling more relevant to their lives.</p>
Helping meet the special education needs of at-risk and high-need students	<p>All students, including those with disabilities, can easily access Adobe Creative Suite 5 Web Premium software. As long as students can use a computer, they will be able to work through the skills at their own pace and to their own potential. There are many types of learning differences. Adobe Creative Suite 5 Web Premium is especially good for students who are more visually oriented and need organizational skills, as do many students with Specific Learning Disabilities. Success with web design leads to success in other classes and can lead to career interests.</p>

## Adobe Creative Suite 5 Web Premium Components

**Adobe Dreamweaver® CS5**—Built for designers and developers, Dreamweaver CS5 empowers students and teachers to build standards-based websites with confidence. Design visually or directly in code, develop pages with content management systems, and accurately test browser compatibility thanks to integration with Adobe BrowserLab, a new Adobe CS Live online service.

**Adobe Flash® Professional CS5**—Flash Professional CS5 offers nearly limitless opportunities to student designers who are interested in building careers using interactive design technology. Flash Professional CS5 software is the industry standard for interactive authoring and delivery of immersive experiences that present consistently across personal computers, mobile devices, and screens of virtually any size and resolution.

**Adobe Photoshop® CS5 Extended**—From yearbook and desktop publishing to web design, broadcast video production, and advanced multimedia instruction, Photoshop Extended is highly versatile and prepares students with critical visual and ICT literacy skills for the 21st century workforce.

**Adobe Illustrator® CS5**—This is an essential design tool for students and educators who need to express ideas visually—in print, on the web, and in any other medium. Illustrator CS5 helps students create powerful, compelling vector graphics for websites, posters, presentations, brochures, school yearbooks, magazines, and much more.

**Adobe Fireworks® CS5**—Fireworks CS5 offers the flexibility to edit both vector and bitmap images, a common library of prebuilt assets, and time-saving integration with Adobe Photoshop CS5, Illustrator CS5, Dreamweaver CS5, and Flash Professional CS5 software.

**Adobe Acrobat® 9 Pro**—Adobe Acrobat software delivers powerful solutions for improving classroom efficiency and enhancing communication throughout your educational community. Easily create and distribute curriculum, media-rich lesson plans, project materials, and homework assignments. Adobe Acrobat simplifies and streamlines administrative processes such as grading, record-keeping, and more.

**Adobe Soundbooth® CS5**—Adobe Soundbooth lets you take command of your audio in film, video, and Adobe Flash software projects. Use on-clip controls to make fast edits and intuitive, task-based tools to clean up recordings, polish voice-overs, customize music, modify sound effects, apply high-quality filters, and much more.

**Adobe Contribute® CS5**—With Contribute, faculty, staff, and students can post and publish content to multiple websites or blogs from a single application or publish directly from within Microsoft Office applications. And because Contribute works seamlessly with Adobe Dreamweaver software, website integrity is never compromised—even when multiple authors update content across the site.
